

# Westside Music Conservatory Virtual Recitals

## Troubleshooting: How to make my video available to be added to a playlist.

Due to the Children's Online Privacy Protection Act (COPPA), YouTube is very strict with online content "made for kids". While uploading your performance, you will be asked a few questions about the content of your video. If you select the options that say the video is made for children, Youtube will not allow your performance video to be added to any Playlist. For the purpose of our Virtual Recital, we will walk you through how to make your video available for the recital. You may change your video settings after the recital if you'd like to keep your performance online.

Since you've already uploaded your video, you will just need to **EDIT** the video settings. After you login, go to "**My Channel**". On the left side of the screen select "**Your Videos**" to see your video. Once you see your video, click on your video or click on the pencil icon to edit.

You will then be brought to the "**Video Details**" page. Here you'll be able to edit the title and description of the video. If you keep scrolling you will also be able to adjust the audience and visibility settings.

For the purpose of this Virtual Recital, under "**Audience**" select "**No, it's not made for kids**". If you select "Yes, it's made for kids" YouTube will not allow us to share your video on our Recital Playlist. After our viewing party, you may go back in and change these settings.

## Troubleshooting: How to make my video available to be added to a playlist. (Part 2)

**Audience**

Is this video made for kids? (required)  
Regardless of your location, you're legally required to comply with the Children's Online Privacy Protection Act (COPPA) and/or other laws. You're required to tell us whether your videos are made for kids. [What's content made for kids?](#)

Yes, it's made for kids

No, it's not made for kids

^ Age restriction (advanced)

Do you want to restrict your video to an adult audience?  
These videos are not shown in certain areas of YouTube. By default, age-restricted videos won't include ads and can't be monetized. [Learn more](#)

Yes, restrict my video to viewers over 18

No, don't restrict my video to viewers over 18 only

After you edit the audience, select **"Age Restriction"**. Select **"No, don't restrict my video to viewers over 18 only"**.

**Comments and ratings**

Choose if and how you want to show comments

Comment visibility  
Disable comments

Show how many viewers like and dislike this video

Under the **"Comments and Rating"** section, we recommend disabling comments and disabling the option to allow people to rate the video.

**Visibility**

Choose when to publish and who can see your video

Save or publish  
Make your video public, unlisted, or private

Public  
Every one can see your video

Set as in

Unlisted  
Anyone with the video link can see your video

Private  
Only you and people you choose can see your video

Schedule  
Select a date to make your video public

Before you publish, check the following:

And finally, before saving make sure the **"Visibility"** setting is set to **"Unlisted"**. This will allow only people with the link to see the video. Then Save!

Now we should be able to add your video to our playlist! After our recital you may reset your audience and/or delete your video. WMC Virtual Recitals will not be available to the general public. All recital playlists will be Unlisted.
